

ROBERT STOELHORST

*Software Engineer &
Passionate Technologist*

CAREER PROFILE

For me, the past year has been a year all about carving out a new path to success. I aim to broaden my networks and to begin working with talented people who share a similar drive to be the best developers they can be. I am a passionate optimist and creator and I see the opportunity in every difficulty.

I enthusiastically look for solutions to problems and love to use technology and data to develop systems to make user experiences that function to a high standard. I rally for collaboration and creative thinking and succeed as a motivator, a leader, and a contributor to achieving the best result.

TECH STACK

- Javascript - jQuery, Ajax, Underscore
- React Hooks/Native, Vue
- HTML5 / CSS3
- Ruby on Rails
- SQL ,Postgresql
- Node.js

SOFTWARE ENGINEERING PROJECTS

EasySave

- Is a budget planner app which allows a user to input their income and expenses and calculate a summary of expenses.
- Is built this with React Hooks, react-currency-format-package, HTML & CSS.
- I took a pixel for pixel approach as a replica clone both in terms of functionality and design turned out better than I had hoped.

[Live demo site](#)

TikTok UI clone

- TikTok User Interface clone.
- Is built with React and has a firebase database and hosting and incorporates Material-UI, and a lot of neat CSS tricks.
- A good project to expand on my React knowledge and utilize more advanced methods in my Tech Stack.

[Live demo site](#)

Jokes-Generator

- My first project. Is a social site where a user can sign up, Generate random jokes from the user database and the web using a GEM, and Like other users jokes.
- Is built with Ruby on Rails front-end and back-end, HTML & CSS, Js jQuery, and Bootstrap for some layout and functionality.
- An introduction to handling Post and Get requests with a CRUD system.

EMPLOYMENT HISTORY

Atsite Transport & Logistics

PROJECT MANAGER - SITE COORDINATOR | 2008 - 2020

A 12-year journey beginning in the warehouse as an offsider and laborer progressing into a management role.

- Organised and directed our teams onsite for our large-scale projects, predominantly serving our customers in commercial office fit-outs.
- Spearheaded Large projects as a project manager the likes of the Barangaroo development over a 3 year period. supporting and assisting stakeholders, suppliers, building contractors, and other trades all while upholding my responsibilities and duties.

Sea Level Restaurant

CHEF DE PARTIE | 2002 - 2008

My highest achievement during my 6 years as a Chef was securing a role at the fine dining restaurant Sea Level, in Sydney

- My hospitality career was full of challenges. I accelerated in an Industry that demanded high-quality cuisine. This period also helped to define me and my values and fostered a very strong work ethic.
- Gained an abundance of knowledge and skills. In particular a strong commitment to expert customer service and care.
- Developed my natural creativity and ability to be a strategic thinker. Being a good chef demanded this along with being an expert in time-management.

ACADEMIC HISTORY

General Assembly
