PROFILE

Hi I'm Robert, a software engineer focused on full stack web development, from Sydney.

I enthusiastically look for solutions to problems and love to use technology and data to develop systems to make user experiences that function to a high standard.

I'm passionate about always learning & creating with code - with a hands on drive in life to be the innovator and creator. I find great satisfaction in delivering solutions that make a task simpler and more effective. I rally for collaboration and creative thinking and succeed as a motivator a leader and contributor to achieve the best result. I have become very humbled at seeking help when progress to complete a task effectively is at stake.

This year has dramatically changed our way of life. I see the Tech industry as holding the forefront solution to many of the new problems we face. I want to be a part of developing these solutions which will enable business to successfully adapt and bring back the booming economy.

EMPLOYMENT HISTORY

Atsite Transport & Logistics

PROJECT MANAGER - SITE COORDINATOR | 2008 - 2020

A 12 year journey beginning in the warehouse as an offsider and labourer progressing into a truck driver role both local and interstate, I naturally found my way into managing our offsite teams on our large-scale projects predominantly serving our customers in commercial office fit-outs. My biggest projects to date at the Barangaroo development over a 3 year period.

Seal Level Restaurant

CHEF DE PARTIE | 2002 - 2008

My highest achievement during 6 years as a Chef was securing a role at the fine dining restaurant Sea Level, in Sydney. During my employment there I was met with many challenges working at a very popular venue that demanded high quality cuisine.

During my career in hospitality I gained an abundance of knowledge and skills. I developed a strong commitment to high quality customer service and notably a sound work ethic in such a demanding industry.

ACADEMIC HISTORY

General Assembly

SOFTWARE ENGINEERING IMMERSIVE

- Completed - 2020

Christchurch Polytechnic Institute of Technology

ADVANCED COOKERY LEVEL 5 AND HOSPITALITY LEVEL 2

- Completed - 2002
